Answer: Some of the plants that occur to me, based on the description of your site, are Brunnera macrophylla, Epimedium, Geranium phaeum, Stachys byzantina, Lamium maculatum, and Liriope. Wondering which ground covers to use in your garden. A technical reference for professional botanists, this comprehensive text is written for those with knowledge of botanical terminology.

These are the plants that can winter over and return with showy brilliance the Bell shaped blue-violet flowers. Zinnias are some of the easiest and most rewarding flowers to grow from seed. Robson, Kathleen A.

Practical ideas on watering; feeding; propagation and possible problems. E wetlands bejeweled with wildflowers were drained and ditched. Along the blustery Columbia River Gorge, where it grows with little rainfall and atop hundreds of feet of layered basalt, harshly battered trees grow gnarled and hang on thanks to an extensive and strong root .
