It is very important that progress be made known outside the plant through leaflets, newspapers, magazines, since it is a way to establish a commitment to Lean. Take material to the production line based on customer usage, is the basic principle of just-in-time. Learn More About

This phase consists of 18 steps, which will be described in the following paragraphs.

They want to hear things like this that there's a project out. In the spirit of preventing hospital acquired infections, we went a step further and also took down all the curtains at our patient rooms. The Kanban system must already be in widespread use in the plant, formally established and do not allow deviations from the procedures.

Phase 3: Display, the duration is from 2 to 12 months. This book offers focused

2 has duration of 3 to 6 months and consists of 19 steps.
