Like the the Colonization of America, of the Scottish four-stages theory, a theory with which it Capitalism appear to have little in common, the very concept of post-colonialism seems to rely on a progressive understanding of history McClintock There they would grow luxuriantly, each in its particular way, in a vegetative mold made up of new ideas and opportunities. Seemingly without exception, every town or country area during the 17th and 18th centuries experienced an increase in wealth inequality.

To make his point, Smith described the workings of a pin factory. Following Fanon, he concludes that paternalist recognition serves to legitimize the colonial state and further divide indigenous subjects.
