My friend brought several Akitas that had issues. Take a look at our Returning an item help page for more details.

A shorter face means a host of problems. Not all diseases are caused by genetics.

Who the hell came up with the idea of feeding dogs preprocessed garbage made from corn? The sad thing is that many pretty much all the health problems that pure breeds have, have been brought about by having the male of the species either mate with its own mother or sister...

At first, the slower moving animals struggled to keep up, but eventually fell. It would be sad to lose the breeds that our human ancestors have always relied on and spent so much time to perfect.
