This, in turn, raises questions about the nature of individualism in rational choice theory and collectivism in cultural theories. Since the chaos of our theoretical world is as pervasive as the chaos of our empirical world, it is impossible to study all the theories and approaches in contemporary social science in all of their complexity and flux.

He solicited extremely insightful and valuable referee reports and then offered excellent advice about a xx Acknowledgments response. Since individuals are interdependent and not independent, and since culture is intersubjective and not subjective, the aggregation is inappropriate. AlthoughKuhnassertedasemanticincommensurabilitythesisinTheStructure
come in two varieties: splitters believe that inquiry moves from one theory to many theories, and relativists argue that social science is in eternal unresolvable flux.
